

About Other Visions 2015

The Other Visions competition aims to map out the field of moving images of film and video in the Czech Republic. Through curated selections, it tries to make the current domestic audiovisual production that is on the border between fine arts, video art and animation, more accessible to and openly accepted by the public.

This year's final selection of participating artists has been nominated by the guest curator of the Other Visions 2015 competition, film theorist **Lenka Střeláková**

The final selection includes the following works:

David Možný – Sleepless / Sleepless

2014 // 8:20

Michal Cáb, Aleš Čermák – Země se chvěje / The Earth Trembles

2015 // 15:57
